# About Us

We at SABISH INTERIO offer complete Architecture & Interior Turnkey Solutions for commercial, residential & institutional projects inclusive of complete design and execution.

We're a manufacturer of designer modular furniture, modular kitchens, residential furniture and other seating solutions, as well as wide offering a diverse range of designer carpets & rugs made in wool, jute and silk.

Our manufacturing unit for modular furniture, modular kitchens, chairs and sofas is based in Noida and the manufacturing unit for rugs & carpets is based in Bhadohi, Uttar Pradesh (also known as carpet city of India).

We specialize in providing end-to-end Architectural & Interior Designing, Structural Planning, Modular Furniture & Kitchens and Carpet Solutions. Our team delivers quality matching international standards for corporate, retail and hospitality spaces.

Our founder has an extensive experience of more than 10 years of working with Government Organizations and the Corporate Sector which has helps us decode the requirements and gain an understanding of the working style of different well established renowned government, semi-government PSU's, corporate sectors and their projects.

We've successfully executed projects of reputed Government Organizations, semi-government PSU's & other corporate projects in New Delhi, Uttar Pradesh, Bangalore, Punjab, Chandigarh and Bihar.

As a growing turnkey solution based company in New Delhi we have branches in Uttar Pradesh, Bihar, Punjab and Bangalore, we take inspiration from basic elements of nature and believe in shaping designs that are a perfect blend of both aesthetics and functionality.

## FURNITURE

We are both a manufacturer & supplier for all kinds of systems and modular furniture varying from home to office spaces and much more.

Furniture is directly manufactured & transported from our manufacturing unit set up in Noida as per the design or client's requirement. Each product has its individual style and size customized in-line with the client's office or residential spaces.

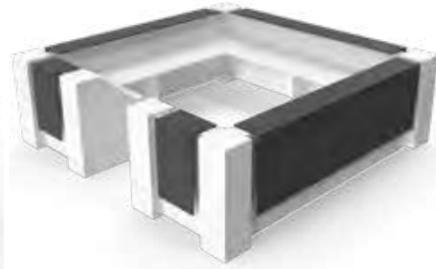

We propose the most suitable color & material that best reflects to the brand image or the individual client. Whether it's a standard workstation or a custom-made cabinet you desire, we can make it happen.

### 100% customizable to match your needs

All our furniture showcased can be 100% customized to size, material, finish and color. Please contact with specs for Furniture Prototyping or to manufacture any other designs.
